1	Explanation of possible future networking of the game.	Conrad	November 16th	November 16th	/
2	Explanation of design pattern use.	Conrad	November 17th	November 17th	/
3	Unit tests for 5 key domain classes.	Hans, Matt	November 18th	November 18th	/
4	Final release of application.	Yimiao, Justin, Conrad	November 18th	November 18th	/

We plan to create classes to test domain classes in our application and to implement any missing functionality listed in the project requirements. We will also try to improve both the functionality and appearance of our application where possible.

The group members will communicate through our Whatsapp group and commit to responding within 24 hours.
